To Whom It May Concern,

Over the past year and a half, *Growing Seasons Inc.* has been applying a natural fertilizer called Vita Products on several properties that I manage. It was explained to me by *Growing Seasons, Inc.* that Vita Products is an all-natural plant based application that helps to: 1) balance the soil's PH, 2) augment a plant's vascular transporting abilities in the xylem and phloem, and 3) increases a plant's abilities to resist insects and disease.

From what I understand and have observed, *Vita Products* has had a positive effect on the overall health of lawns, shrubs, and trees. I am pleased with the results of Vita Products.

Sincerely,

A handwritten signature in black ink, appearing to read "Jacob Ordyna". The signature is fluid and cursive, with a long horizontal stroke at the end.

Jacob Ordyna
